## Upcoming Topics On Our Web Site

As many of you are aware, we go to great lengths to keep you advised of issues swirling around the unique Business Law principals we deal with everyday.

For the next week on our web site we will be discussing **Municipal Authority Filings** and specifically what the Corporation Bureau looks for when reviewing both authority incorporations and amendments.

In the future we will review **Corporate Tax Lien Certificates** and a section by section review the **General Associations Act of 1988** as amended. This is just one of the ways we work to be *YOUR TRUSTED BUSINESS FRIEND IN PA and NATIONWIDE*

Are you on our **Urgent Alert List**? If so you already know about the following **Consent rule changes**...

### Consent Change

#### IMPORTANT

As was reported on our FRONT PAGE NEWS see ([www.esquireassist.com](http://www.esquireassist.com)) and our Urgent Alert Email, the Corporation Bureau has just implemented a change in their consent policy which is the result of a change in the law back in 2001.

Simply put, the Bureau will no longer accept Consents to Use of Similar Names. From now on they will only accept Consents to Appropriation of Names. This means that the company giving the consent must state that it will cease using the name for one of four reasons.

## PA BEAUTIFULLY

## PA POLITICS

Pennsylvania had its moment in the spotlight during our primary election period. Our office is located just two street numbers from HRC's campaign headquarters and only a block

from BO's headquarters. What was the most amazing event we saw from our strategic location? I would say it was the line of people waiting for tickets to see BO's main appearance in Harrisburg. It was close to one full city block long and was about 3 or 4 persons wide. My only comment on his loss here in PA is that it was probably the result of spending too much time in other states.

## LEGAL WORD OF THE MONTH

**"PRIVILEGE"** -as defined in **section 102** of the **"Right to Know Law."**

"The attorney-work product doctrine, the attorney-client privilege, the doctor-patient privilege, THE SPEECH AND DEBATE PRIVILEGE or other privilege recognized by a court interpreting the laws of this Commonwealth." If a record sought to be released is subject to one of the above privileges, then it is excluded from Section 305's presumption that a record is a "public record."
