Esquire Avet*

An e-Newsletter for the Title, Business & Legal Community **October 2007 Edition**

Located in Beautiful Downtown Harrisburg: Commerce Towers, 300 N. 2nd St., Suite 630 Harrisburg, PA 17101

BIG NEWS - THE STATE IS CLOSED ON MONDAY.

However, we will be opened on a reduced staff and time basis. We will close at 3 P.M.

REALLY BIG NEWS: www.EsquireAssist.com Launches

Our web site will be "launched" sometime next week if all goes well. While it is still in the early development stages, it will have lots of useful information including an "Assistance" page which will have answers or "how to's" to many common questions we receive every day.

Additionally, the site will have an e-order form which will improve with time, but for now will handle almost any order you care to place with us. We will also have a tab where you can access any of the PA state forms including certain Revenue forms for clearances or winding up procedures.

And for those of you who are artistically and linguistically inclined there will be a photo page of some of our best p-graphs of the Capitol building and our e-newsletter will now be "on-line" in our newsletter tab which will have a sub-tab for archived editions of previous Avets. And yes, the [Legal Word of the Day](#) feature will be retained. In the future, you will receive an email notification that the new newsletter is available for review and there will be a link for you to click into it for digesting:)

Our home page will have a "Current News" feature which will give you turn around times for PA documents and that section will lead into a more expanded "blog" type page where there will be other current news tid bits of interest.

We welcome your comments, suggestions and criticisms. Our goal, like our services, is to make the site very useful to you.

CORPORATION BUREAU:

Please note that the Corporation Bureau continues to have problems with their computer database system. Some problems make the system something less than reliable and the results that are obtained when searching should be viewed as suspect and not relied upon as 100% accurate. Companies that ARE on record may not appear in the results when you search a company name which can, in turn, throw off name availability searches. The Bureau expects this problem to be cured

sometime in October.

Word of the Day: *DEEMSTERS*

Judges in the Isle of Man, who decide all controversies without process, writings, or any charges. These judges are chosen by the people, and are said by Spelman to be two in number. "Spelman" (who else) (Black's Law Dictionary, Rev. 4th Ed.)

Hopefully, for the sake of us lawyers and paralegals, this Isle of Man judiciary system will never catch on here in the good ole US of A ; how about it ?

By the way, I have it on secret authority that the President Judge of the Deemsters is none other than Jimmy Hoffa. I guess that answers the age old question of where he ended up. Now, for the really tough Question: Where is the "Isle of Man?"

OTHER SERVICES PROVIDED:

Remember... In addition to Corporation Bureau work, we provide a bunch of other services which will be detailed on our web site when it launches this week, which include obtaining copies and making filings at all three State level court, i.e.

Commonwealth,

Superior and

Supreme Courts.

PLEASE FEEL FREE TO CIRCULATE THIS NEWSLETTER TO OTHERS IN YOUR FIRM OR LEGAL COMMUNITY... OUR BUSINESS SURVIVES ON WORD OF MOUTH ADVERTISING... AND TO MANY OF YOU WE WOULD LIKE TO SAY " THANK YOU " IN THAT REGARD AND WE HOPE THAT YOU NEVER GET CALLED BEFORE THE DEEMSTERS.

*AVET - Old Scottish term meaning to "Assist" as in aid and abet (Paraphrased from the good ole Black's Law D.)
